

4<sup>th</sup> August 2020

The Chairman  
Public Accounts Committee  
Parliament of Uganda,

Dear Sir/Madam,

**RE: INVESTIGATION INTO M/S KIIRA MOTOR CORPORATION AND ITS ACTIVITIES**

Reference is made to the above where M/s Kiira Motor Corporation a state owned enterprise established to manufacture electric powered automobiles in Uganda with the government of Uganda owning 96% shareholding and Makerere University owning 4%. The said Kiira Motor Corporation has according to its website manufactured 3 vehicles to wit Kiira EV, Kayoola Solar Bus and Kiira EVS.

In April 2018, the cabinet approved a seed fund of US Dollars 40 million to be made in phased payments over 4 years starting in 2018/2019 financial year to commercialise this project.

It is well known that save for the Kiira EV, no bus has been manufactured or even assembled in Uganda but the same have been purchased from China and shipped to Kampala and paraded before both His Excellence The President and Ugandans to hoodwink them in a bid to justify the funding received from government while the same continues to be siphoned by its management.

The Minister of Science, Technology and Innovation Dr. Elioda Tumwesigye was authorized to establish and oversee the project governance and management structures of this Project has also been lying to the President and Ugandans that Kiira Motors manufactures buses in Uganda.

Kiira Motor Corporation was hijacked by a criminal gang who are using it to steal tax payers' money under the nose of a cabinet minister.

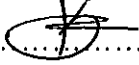

This is therefore to move your office to;

1. Investigate the management and operations of Kiira Motors Corporation to establish if they have embezzled government funds.

2. Investigate Hon. Min. Eioda Tumwesigye and cause him to take responsibility for lying to His Excellence the President and Ugandans.

I appreciate your efforts to fight corruption.

Yours faithfully,
